

EMOJI BIBLE

Instructions:

Re-write a Bible verse, using only emojis (or you could draw your own pictures as a pictogram). Want to take it a step further? Use GIFs!

If you are using an online service that allows you to share your screen or post pictures, you can share the emojis that way. If not, you can text/email/message the emojis to the participants.

Invite participants to guess the actual Bible verse words. Bonus points if they can name the Bible story or book of the Bible the verse comes from!

Alternate Activity:

Invite participants to pick a Bible verse (or assign one to them) and re-create it using emojis or GIFs.
